Multiple Message Application Instructions

Applications must be typed or filled out in ink. Only completed applications will be reviewed. Incomplete applications will be returned to the applicant.

GDOT Permit Number

1. **Current Number:** Provide the current GDOT permit number for which you are requesting to revise to a multiple message status. Please leave this space blank if you are submitting a multi-message application concurrent with the outdoor advertising application.

Applicant / Property Owner Information

- 2. **Name of Applicant or Company**: Person, corporate entity, or Trust in whose name the permit is listed. The person or corporate entity name and F.E.I.# / Social Security # you provide on the application should match the name and F.E.I.# / Social Security # on the copy of the W-9 Form you provide.
- 3. **Name of Landowner:** Person, corporate entity, or Trust in whose name the Landowner is listed. This will be the name used by the Department for all correspondence to the landowner.

Sign Location Information

- 4. **County and Road Information**: Indicate the county and city (if applicable) in which the sign is or will be located. Indicate the state route number of the roadway the sign will be adjacent to. Some roads have two state route number designations. The Department uses the lower route number.
- 5. **Milepost Information**: Provide the distance in feet to the lower number milepost (not necessarily the closest milepost).
- 6. **Latitude / Longitude**: Provide the latitude/longitude coordinates of your proposed or existing sign location in decimal degrees. If you use *Google Earth* and it shows coordinates in degrees, minutes, seconds, you can change it to read in decimal degrees by clicking on "Tools" and choosing "Options". In the "Options" box you will see a "show Lat/long" section that allows you to select "decimal degrees".

Sign Description Information

- 7. **Mechanical or Electronic:** Indicate which type, mechanical or electronic (LED), of multiple message sign for which you are applying.
- 8. **Face Length, Width, and Area:** These measurements are taken to the nearest whole foot. The Area is the total square feet (length times the height). The area of a face cannot exceed 1,200 square feet. Indicate which faces will be multiple message (MMS).
- 9. **Types of Construction:** Select the configuration that best describes your sign.

Local Government Approval

10. **Local Government Certification**: An authorized official from the appropriate city or county signs the local government approval section certifying that their government entity allows the type of multiple message sign that the applicant is requesting to build at that designated location.

After Hours Contact

11. Contact Name: Provide the name and contact information of the person the Department should contact if there is a sign issue that needs immediate attention.

Applicant Signature

12. Provide Signature and corporate title.
